## Advanced features

<u>Fax-to-email</u> is €4.99 per fax-to-email PBX object per month. <u>Integrations</u> (CRM, API, Webhooks, Zapier) are €2.55 per user per month. All integration features are activated with one subscription for the entire account, with pricing calculated automatically based on user count. <u>Call recording storage plans</u> can be selected for your call recordings, with subscriptions paid monthly or pay-as-you-go. <u>Outbound SMS plans</u> can be selected for SMS-enabled phone numbers, with subscriptions paid monthly or pay-as-you-go.

#### **Call diversions**

Diversions from a user object are charged per the outbound call rate for the user's selected call plan. Diversions from a call diversion object are charged per the outbound call rate as the PAYG Ireland call plan.

#### Additional pricing information

Minimum term: one month. Call plans have rounding of four decimal places, no exit fees or early termination fees, and no set-up fees with no requirement to bundle anything with this service. If included call, SMS, or call recording storage value is fully used within a calendar month, excess usage charges will apply. Any unused value does not roll over to the next month. Porting fees are included on number porting forms.

#### International destinations

International rates and free calls to <u>50+ countries</u> are subject to change without notice. International rates are charged in 60second increments. We block international destinations that have been identified as high-risk. If you require access to a particular high-risk destination, please contact support. A list of high-risk destinations can be found <u>here</u>.

#### **Billing information**

Services are supplied on a prepaid basis by default. New monthly subscription services are charged to your account pro-rata, from the service activation date to the end of that month. Any included value for services is also applied to your account proportionally for the same period. After this, your monthly subscription is charged at the start of each month. SMS charges that are not part of the included value are charged to the account balance after the message is sent, making it possible for the account balance to go negative or below the assigned credit limit. Services unsubscribed during a billing period are non-refundable. We recommend setting up automatic payments via our customer portal. Pre-paid billing requires you to maintain a positive account balance at all times, the service will be restricted automatically if you fail to maintain a positive account balance. Post-paid billing is available upon request and at VolPcloud's discretion. For post-paid billing, invoices are issued at the start of each month with 14-day payment terms. A security deposit is required to set a credit limit, and VoIPcloud may ask for an additional deposit if you need a higher credit limit. Nonpayment and service suspension charges apply to post-paid billing

accounts only. If your bill is overdue for over 7 days your account will be charged a  $\leq 15.00$  late payment fee. If your bill is overdue for over 30 days your account will be suspended and if your account is restored a  $\leq 30.00$  suspension fee upon restoration.
